MUSICAL INSTRUMENT RENT-TO-OWN PROGRAM

The first two months rent is required in advance.

Our program has the following advantages:

1. You may return the instrument at any time. You are never obligated to buy the instrument.
2. The payments apply to the purchase of the instrument, should you decide to keep it. The initial payment applies toward the purchase. Thereafter, normal finance charges on the unpaid balance are deducted from monthly payments and the remainder is applied to the principal. Optional purchase plan: 12 months 0% finance charge.
3. We do not charge a security deposit.
4. We do not require a major credit card.
5. We guarantee that our instruments will pass inspection by the music teacher.
6. There is no penalty for early payoff.
7. We do not require a Social Security number when auto pay is selected.
8. Adjustments and maintenance is free. Loaners are available.
9. We do not do a credit check.

The following monthly rates are effective until June 1, 2008, and include applicable sales tax.
Two month non-refundable minimum rental.
